

GLOBAL PLAYER IN ENERGY AND SERVICES

ENGIE group is a global reference point in **low-carbon energy** and **services**.

Our aim is to accelerate the transition to a **carbon neutral** economy by designing solutions that reduce energy consumption and respect the environment.

We are building today the low carbon energy system of tomorrow by accelerating the development of renewable energy and low-carbon energy infrastructure.

We have the goal to reach 95 GW of installed capacity from renewable energy by 2030, and the **“Net Zero Carbon”** by **2045**.

A mission that unites employees, customers and shareholders, and that allows us to reconcile economic results with positive effects on the planet and the people who inhabit it.

ENGIE IN THE WORLD

98.000
employees

30
Countries

103 GW
of installed electricity generation and storage capacity, of which:

305.600 KM
gas and electricity transmission networks

72 MLD€
turnover

57 GW
of installed renewable energy capacity (production and storage)

46 GW
of installed thermoelectric capacity

ENGIE ITALY

In Italy, ENGIE is leader in decarbonization and energy efficiency with the objective of leading the **energy transition of the country and of its customers.**

With a capillary presence throughout the national territory, and with beyond one million customers, ENGIE Italia has a diversified operability along the entire energy chain, and it is focused on delivering **affordable, reliable, and sustainable projects.**

1 MILLION
customers

2,800
employees

635,000
public lighting points

60
offices

15
district heating networks

80
hospitals

800 MW
capacity of renewable energy and 42 wind, photovoltaic and storage plants

2,500
schools

30
universities, museums and theatres

MORE THAN
350
